

## SWEET RIVER GRACE

The world around me / has turned to stone  
This house is empty / I am alone  
There'll be no harvest / This dust blows in  
My heart is dried up / My hope's worn thin

Sweet River Grace, flow to my door  
I can't stay here anymore  
Carry me to some restful place  
Wash me away Sweet River Grace

We planted dreams once / Acorns to oaks  
We made a promise / It fell and broke  
I'm holding on here / It's day to day  
Seems Grace got lost along the way.

(chorus)

Somewhere beyond this grey horizon  
The clear blue water runs  
There is a time to change directions  
When love is done, that time has come

(chorus)
